Joint session

SIWW-specific session

Water Leaders Summit on 21 June 2021

Time	Activity	
0900 hrs	**Water Leaders Summit Opening Plenary on "The Reality of Climate Change and its Impact on Water"** This session will allow us to gain insights into the reality of climate change and its impact on water systems, through the lens of a renowned climate expert. High-level speakers from various sectors will then share how these impacts have translated into exacerbated water-related challenges faced by their organisations – a growing issue that has spurred them into taking action.	
1000 hrs	Tea break	
1030 hrs	**Water Leaders Summit Insights 1 on "Ensuring Water Security under Climate Change Uncertainties: Financing Infrastructure and Managing Risks"** This session will bring together the perspectives of stakeholders from across sectors and focus on the key aspect of financing investments in the area of water, to guard against the risks brought about by climate change.	**Water Leaders Summit Insights 2 on "Building Water Resilience: Adaptation and Mitigation in the Age of Climate Change"** This session will be driven by case studies which exemplify how various stakeholders have put together strategic measures in response to heightening water-related challenges, as part of addressing the causes and impacts of climate change.
1230 hrs	Lunch

Singapore International Water Week

Connect Lounge

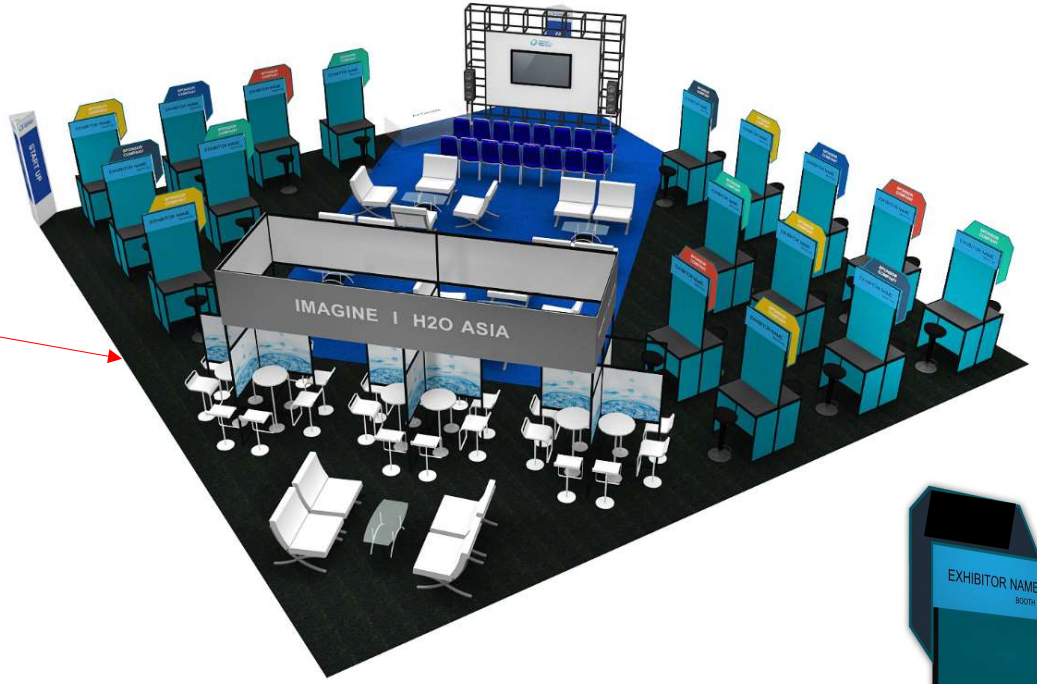
Solutions Stage

Digital Solutions Pavilion

With SMART utility as one of the key themes for Singapore International Water Week 2020, we welcome digital and smart solution providers to participate in the show and showcase your technologies at the Digital Solutions Pavilion @ Water Expo.

The Pavilion will be the largest gathering of digital technology solution providers ever in an international water trade show, and will profile the latest cutting-edge solutions to more than 24,000 international and local trade visitors and delegates.

Start-up Pavilion



The Start-up Pavilion is a platform for promising start-ups to establish new connections and meeting up with potential partners or investors for collaboration. It gathers entrepreneurs, investors, venture capitalists, accelerators and industry professionals from across the water industry. It is most suitable for start-ups who are looking to accelerate the commercialisation of new technologies and form strategic relationships.

Singapore International Water Week

Overseas Visitors & Distributors Programme

- Specially curated opportunities for exhibitors to meet regional distributors and buyers and establish new partnerships
- Targeting SEA countries e.g. Malaysia, Philippines, Indonesia, Vietnam, Thailand

Singapore International Water Week

NEWBrew will be back!
